GENERAL SALE INFORMATION

TIME OF SALE - The sale will start promptly at noon.

TERMS - Terms of the sale are cash (or check) and each animal will be sold to the highest bidder with the auctioneer settling any disputes as to bids. Announcements made from the auction block will take precedence over any printed material. Each animal will become the property of the buyer as soon as sold and will be taken care of for a reasonable amount of time after the sale at the buyer's risk. We strongly advise buyers to insure their purchases.

All persons who attend the sale do so at their own risk and the owners assume no liability, legal or otherwise, for any accidents which may occur.

GUARANTEE - All bulls are guaranteed to be breeders. Any animal failing to breed within six months of sale date may be returned to the seller if in good condition. The purchaser must notify the seller of his dissatisfaction with an animal in writing within six months of the sale date. We then reserve the right to try said animal for a period of six months. If, at the end of that time, the animal fails to breed, a like animal will be substituted if one is available, or receive credit in our next sale. Guarantee is void if injury or sickness occurred after buyer has possession of said animal.

PERFORMANCE CODES:

BW - Birth Weight EPD
MM - Milk EPD

WW - Weaning Weight EPD
M&G - Milk & Growth EPD

YW - Yearling Weight EPD

EPD - Expected Progeny Difference estimates of animal's future progeny performance in actual pounds compared to progeny from the breed's average animal.

NOTE - The EPDs listed herein are as reported by the AHA and were accurate at press time. Debter Hereford Farm will not be responsible for changes in these EPDs.

JOHN ROSS DEBTER

The Debter family invites you to attend our 53rd Annual Production Bull Sale to be held Saturday, October 25, 2025, at the farm. Sale starts at 12:00 Noon. The bulls in this sale represent 77 years of careful breeding selections to produce one of the top cowherds in the South. This strong cowherd combined with using the top Herd Sires we could find has helped us to provide a set of stout made, well-marked, two-year old bulls with uniformity.

We are proud of this year's sale offering. The two-year old bulls have the quality, soundness, stoutness, pedigree, and proven performance to work for you. The commercial females are from some of the best breeding programs. Information on these females is listed in the back of this catalog. Supplement sheets will be available on sale day at the farm as well.

In this sale, we are offering 17 open registered Hereford heifers. These heifers have pedigree, EPD's and quality to be herd-building females. This year we will be selling all cattle on video. They will be at our sale facility for your inspection on sale day. No animals will walk through the sale ring. Videos of the bulls and registered females will be online prior to the sale at DV Auction. Feel free to contact us with any questions. If you would like to view the bulls prior to the sale, we welcome the visit.

As always, contact us if we can be of any assistance to you. If you are unable to attend our sale and need to place an absentee bid, we have a crew on hand to represent you. We hope that you will plan to attend this important event on Saturday, October 25, 2025, noon at the farm.

Sincerely,
The Debter Family

PRODUCTION BULL SALE

Lunch will be served at 11:00 a.m. at the farm located in Blount County. (Map on back cover)

SELLING

- 90 Two-year old Hereford Bulls
- 17 Open Registered Hereford Heifers

★ We are pleased with our 0044 daughters and 4169 comes from a dependable cow family. Dam is a deep made 2207 daughter with a Milk EPD of 30. This heifer is a bit younger than her group. Sells open

Herd History

Our registered herd was started in 1948 with the purchase of two Hereford Heifers as a 4H project for Glynn. Over the years, the herd increased and in 1970, we purchased our first Line Ones from Montana.

In 1979, we partnered with 3 other breeders to purchase the 243 Cooper Cow. This cow through her sons and daughters helped our herd a lot and moved our breeding program forward. 243 was our first donor cow. Around 1988, we increased our herd size with the purchase of the Cobbler Mtn. herd in Virginia. Our DH Lerch 363 bull was a strong influence in that top herd.

Partnerships on Herd Bulls have allowed us to purchase some of the top Line One bulls. Some of those were CL 1 Domino 590 that produced over 2500 head of progeny; CL 1 Domino 5131E with 1164 head of progeny; HH Advance 8050U, one of the top bulls we've used; and more recently, HH Advance 3203A, HH Advance 4105B, & HH Advance 0044H.

The strength of our breeding program is dependent on our cowherd. Some of the bulls we have produced have had a lasting influence here. The DH Advance 736 bull is one of our best efforts. He still has a top set of daughters here. He was used naturally at 12 years of age. DH Domino 717 has top daughters and has another top set of sons selling in this sale.

We have a good solid set of cows that are performance bred with nice udders. The uniformity and good disposition that we see in the Line One Cattle makes our job a lot easier.

Registered Herefords for 77 years

Commercial Females

Lots 501 - 535

These bred heifers will be offered by video and not brought into the sale ring.

Mission Statement

Our primary goal is to produce two-year old bulls that will benefit our commercial customers. These bulls are performance bred backed by generations of a strong cowherd that has been selected for good udder quality, fleshing ability, fertility, milk production, and soundness. Herd sires are selected for calving ease and added performance to produce cattle that are well-marked and slick haired. We have been using Line One Herefords since 1970 in our program.
